Eagle Choice Awards an honor to treasure forever

For the tenth consecutive year, The Windham Eagle newspaper has wrapped up the Eagle Choice Awards and it's no secret that the popularity of the annual competition continues to grow.

Launched in 2015, the Eagle Choice Awards recognizes local businesses in the area through popular vote. This honor is evidence that residents do take notice when they receive outstanding service and find superior products offered by local merchants.

Melissa Carter, advertising manager of The Windham Eagle newspaper, said that the awards remain popular and established a new record in 2024 by receiving more than 9,250 ballots cast resulting in over 174,000 votes across 85 categories.

"There are so many wonderful businesses in the Lakes Region of Maine," Carter said. "These awards salute those who the public thinks exceed the norm for their products, services, and overall customer satisfaction. The votes are heartfelt and come from the people who use the goods and services provided by these outstanding businesses."

According to Kelly Mank, owner and publisher of The Windham Eagle newspaper, the Eagle Choice Awards are a great way for the public to learn about a business they may not be familiar with and to discover the very best services, food and

products that are available in the community.

"The Eagle Choice Awards give the community trusted options and a unique way to connect residents and visitors here with area businesses in meaningful ways. "Best of all, every vote comes from the readers and is based upon how they feel about local businesses."

Mank said that the growing popularity of the Eagle Choice Awards is a direct result of the ongoing support and encouragement of area business owners, who live and work in the community, have raised their families here and built a devoted following of customers, friends, and neighbors.

Casting votes is promoted by the businesses through various methods such as in person, social media and advertising in the newspaper. According to Carter, a portion of the proceeds from The Windham Eagle's July 12 edition where local businesses pushed votes was donated to the winner in the nonprofit category. As a result, this year's nonprofit recipient, Camp Sunshine, will receive a check for \$1,060 dollars. Additionally, the Sebago Lakes Region Chamber of Commerce business break held in conjunction with the awards ceremony will have a 50/50 raffle which will benefit the 2024 second place nonprofit winner, Maine State Society for the Protection of Animals.

Carter said that it is awesome to see the rivalry between businesses and that some take it more seriously than others. "We've tried to include as many business categories as we can, but not all industries are covered by the Eagle Choice Awards mostly because of a lack of competition," she said. She said if you have a suggestion for a category to please send an email to: awrds@thewindhameagle.com and the idea will be explored for 2025 contest. "If you don't find a business listed, we encourage you to write them in the 'other' category. Once their vote total reaches five, they will be automatically included in the pre-written lineup under that category for the following year," she said. While the method is not perfect, the team at The Windham Eagle tries their best to pay close attention to every detail.

Eagle Choice Award voters must cast ballots in at least 10 categories or more and must also include their email address when uploading or turning in a ballot for it to be valid and to ensure that only one vote is cast by an individual. Email addresses collected during the Eagle Choice Awards competition are not sold or distributed to a third party.

The Eagle Choice Award winners

who place 1st and 2nd in each category are featured in this special section. If two businesses come within

10 votes of each other, a tie is called and both businesses are highlighted. "The special section is saved by many residents and used all year to find

the area businesses that have been singled out for recognition as being the 'best of the best' by local residents," Carter said. The section is also posted to www.thewindhameagle.com for easy reference year-round as well.

Throughout the year, residents and customers can recognize Eagle Choice Award winners by the decals on doors and vehicles and plaques on display at their business. "That decal and plaque has really taken off as a symbol of trust and top-notch service for everyone who lives in this community," Mank said.

"Every business mentioned in this section is more than deserving of this recognition and we are so happy to be able to showcase their popularity with the Annual Eagle Choice Awards," Carter said. "A huge thank you to all that took the time to cast a ballot, to our readers for supporting these fine businesses and to the many companies that support our publication!" <

VICTORIA CABRAL

My dream became a reality right before the pandemic, opening my first location in Windham. Years later established myself in Gray, and then moved back to Windham. I would not be where I’m at without the back breaking work of renovating 2 locations with my help of my mother Suzy Cabral, father Paul Cabral, and friends Melissa McCormick and Rob McCormick.

Huge shout out to Austin Maynard, my partner, for pushing me to make the jump to open my own business. Would not be here today without my support system and the clients that believe in me.

Thanks to the town of Windham for supporting me all these years and The Windham Eagle for the opportunity to showcase my artistry. I AM A TRAVELING ARTIST AND GO WORLD-WIDE TO GET MY NAME OUT VIA TATTOO CONVENTIONS AND OPERATE IN WINDHAM AT MY FEMALE OWNED & FEMALE ARTIST STUDIO.
